SKILLS

JavaScript (ES6) • ReactJS • Redux • Git • Bootstrap CSS • Tailwind CSS • HTML5

PROFESSIONAL EXPERIENCE

Web Development Internship

09/2023 – 09/2023

Prodigy InfoTech

During my one-month Web Development Internship at Prodigy InfoTech, I:

- Enhanced HTML, CSS, and JavaScript skills.
- Designed a website with a Weather app and a Starbucks Responsive landing page.
- Developed a passion for user-friendly web solutions.
- Exhibited practical collaboration skills in project teams.

Web Development Intern

08/2023 – 09/2023

Code Clause pvt ltd

During a one-month Web Development Internship at CodeClause, I:

- Strengthened proficiency in HTML, CSS, and JavaScript through dedicated learning.
- Designed and developed a website with capabilities for image background removal and face detection.
- Cultivated a deep passion for crafting user-friendly web solutions that enhance the user experience.
- Demonstrated effective collaboration skills while working on web development projects.

Quality Analyst

11/2022 – present

MattsenKumar LLC

Gurugram, India

- Manage and address customer complaints effectively.
- Take prompt actions to resolve issues while maintaining service quality.
- Ensure seamless resolution without compromising service standards.
- Skillfully prepare detailed reports for comprehensive insights.

Web Development Internship

07/2023 – 08/2023

Bharat Intern

During a one-month Web Development Internship at Bharat Intern, I:

- Strengthened proficiency in HTML, CSS, and JavaScript.
- Created a Temperature Converter and a Netflix-inspired Homepage as part of web development projects.
- Developed a genuine passion for crafting user-friendly web solutions and collaborating effectively within a team.

Full Stack Developer

04/2023 – 06/2023

Solar Secure Solutions

During a two-month Full Stack Developer internship at Solar Secure Solutions, I:

- Acquired a well-rounded understanding of key web technologies including HTML, CSS, React, Redux, PHP, Node.js, and DOM manipulation.
- Successfully completed diverse projects such as Counter Apps, Calculators, Quizzes, CovidStats Projects, Todo Lists, and an E-commerce Website.
- Developed a deep-seated passion for web development through this enriching and hands-on experience.

PROJECTS

GymHeroics

Tech Stack: react.js, react-router-Dom, material-UI

Within this app, you'll discover various exercises that will help you on your fitness journey. Here are some of the super powerful features that make this fitness app stand out:

- Search Option: Easily find exercises

- Exercise Variety: Explore diverse exercises
- Muscle Group Focus: Learn which muscles each exercise targets
- Detailed Videos: Access instructional exercise videos
- Related Exercises: Find similar exercises
- Responsive Design: Works on desktop, tablet, and mobile
- User-Friendly Interface: Designed for easy use

Portfolio

Tech Stack: React.Js, Tailwind, Netlify

- A personal portfolio built with React and Tailwind CSS.
- Features information about me, my projects, and professional experience.
- Offers a visually appealing and interactive user experience.
- A platform for connecting and learning about my skills and background.

NewsWorld

Tech Stack: React.Js Bootstrap, Redux

A hub for top and latest Indian news on a dedicated website.

- NewsWorld is a dedicated website serving as a hub for the latest and top Indian news.
- The website is developed using React and Redux, ensuring a dynamic and responsive user experience.
- NewsWorld provides real-time updates on current events and breaking news from India.
- Users can navigate the website efficiently and access news articles with ease.
- The React and Redux combination enables seamless data management and smooth user interaction.
- Bootstrap adds a polished and professional look to the website, improving its overall aesthetics.
- NewsWorld is a one-stop destination for staying informed about the latest Indian news.

EDUCATION

MODERN INSTITUTE OF TECHNOLOGY & RESEARCH CENTRE
